

BROADCAST 10c PROGRAM

For Western Canada and Pacific States

Vancouver, B. C.

Two Weeks, Nov. 28 to Dec. 11

Built for Heavy Duty

The new Eveready Layerbilt (patented) "B" Battery is the only radio unit in the world using the solid plate design.

Contains almost twice the current-making elements. Every inch of space produces maximum power. Lasts far longer with loud speaker sets than any other battery you can buy. Saves you many dollars each year.

Make your next "B" battery an Eveready Layerbilt

Canadian National Carbon
Co. Ltd.

Let Your Gift be Rogers Radio

If you would remember this Christmas with keenest pleasure,
give the gift of gifts—

A ROGERS BATTERYLESS RECEIVING SET

Bring to your home the wealth of glorious Christmas music—broadcast in special programs from stations near and far. Every member of the family will enjoy the gift of Radio—not only at the Joyous Season, but every day throughout the years to come. It is the gift that many wise men will choose this Christmas.

DO YOUR CHRISTMAS SHOPPING NOW

Only a few days remain in which to do your Christmas Shopping in Radio if you wish to avoid disappointment. If you leave your choice of a new set till the last minute, you are going to find that choice very limited. Most dealers have a full line to choose from now. Read your own moral.

CKUA's Opening

Last Monday, November 21st, we had an announcement from CKWX, Vancouver, to the effect that the University of Alberta station, CKUA, would broadcast the opening of their new 500-watter, and asking those who heard the program to write or telegraph CKUA. We listened at the indicated time for the program to commence, but must confess that we were unable to hear the station. Meantime we have not heard again from CKUA, but we are inclined to the belief that their opening must have again been postponed. From time to time we have programs of special interest to tell you about which arrive here too late for publication in these columns. Listen to CKWX at the announcement period, just after the time signals at 6 p.m., and you will hear the latest information as to special programs, so far as we have the information.

Orange Chain Programs

We regret that we have not been able to include the programs for the Orange Chain in this number. A re-organization of the Publicity Depart-

ment of the National Broadcasting Company in San Francisco has partially interrupted the service on these programs. We will broadcast particulars each evening over CKWX of the programs to be heard over the Orange Chain, for your information. Listen for this just after six o'clock each evening for the next two weeks.

Listen for This One

Here's a new broadcaster literally "on the air." A license has just been issued to the Flying Broadcasters, Inc., an organization of Army and Navy Reserve Officers operating airplanes on the Pacific Coast. The station is operated more or less in an experimental manner to develop radiotelephonic communication from airplanes, particularly in connection with broadcasting. The wavelength is 204 meters, power 50 watts; the maximum range is placed at not more than 30 miles daytime, and possibly 60 miles at night. Call letters are KHAC. Now, get busy, you DX fans. We will give a year's subscription free to the first listener presenting certified reception from this station.

Gossip From Broadcasters

KHJ Has New Owner

With the advent of fall months radio fans in British Columbia and other parts of Canada are once more hearing KHJ, Los Angeles, regularly.

But the KHJ of old is no more. On the 14th of November it was bought by Don Lee, who is California distributor for Cadillac and LaSalle motor cars. His initial program was given on that date.

The only changes contemplated in the station are in the form of bigger and better broadcasts. The first step was to abolish the silent Monday and KHJ is now among the ether realm entertainers nightly.

But by the first part of December their new and enlarged schedule will be in force and the Don Lee station will be on the air from early morn to late at night.

Perhaps the largest share of interest, however, from the standpoint of radio fans lies in the special dedicatory program to be given day and night on a date to be announced soon.

This will introduce to the radio audience the most diversified and artistic broadcast ever attempted by a Western radio station.

All the better known artists of the Pacific Southwest will be there in force and from the San Francisco Bay region a special car load of entertainers will be grouped together and dispatched south for the KHJ affair.

Don Lee, new KHJ owner, is already well known as a patron of radio through his ownership of station KFRC, in San Francisco. Bringing this station in a year from a small, little known 50-watt set, Mr. Lee has developed KFRC to a 1,000-watt outfit with a continuous 10-hour daily broadcast of de luxe programs.

Telegrams by the hundreds, telephone messages by the score and letters by the thousands have already attested to the popularity of the new KHJ under its new management.

Molly McWilliam

Molly and Johnny are becoming favorites with the radio listeners for their saxophone selections heard over

CKLC from the Calgary Studio. Molly is an ex-member of the Imperial Ladies' Orchestra, while Johnny McWilliams is a prominent member of the reed section of the Calgary Elks' Orchestra. Molly and Johnny play duet numbers, as well as solos, varying their programs with both popular and classical tunes. They are at the present time planning a reed quartet for work on the air. This will present something distinctly novel to the listeners. Both members of the team are enthusiastic radio broadcasters and receive much pleasure from their fan mail.

National Anthems and Folk Songs

National anthems and folk songs dear to both Americans and people of foreign countries will comprise Part I of the Friday evening program broadcast from KOA, Denver, on Dec. 2. England, France, Italy, Belgium, Germany and America will be represented. Lucile Fowler, contralto, Ralph Freese, tenor, and members of the KOA Orchestra will be the artists. Music and poetry from the bonnie banks of Scotland will be given as Part II of the program. It will be given by the KOA orchestra, assisted by E. J. Reed, dramatic reader, and Walter Tripp, Scotch entertainer.

Programs by Young People

Young people are to give two matinee programs from KOA, Denver, during the coming week. Denver Camp Fire girls are to present the first one from 2.30 to 3.40 p.m., on Tuesday, Dec. 6. The second will be Cadman's operetta, "The Ghost of Lollipop Bay," presented by pupils of Cole Junior High School, Denver, at 3 p.m., Thursday, Dec. 8. College organizations also are to give two programs during the week. The University of Denver Orchestra will present the evening program on Wednesday, Dec. 7. Vocal and instrumental soloists of Colorado Woman's College will give a matinee program from 2.30 to 3.30 p.m., on Friday, Dec. 9.

Famous Women

Musical compositions inspired by famous women from history will occupy part of the evening program at KOA, Denver, Friday, Dec. 9. They will include selections from such operas as "Samson and Delilah" and "Anthony and Cleopatra." Marguerite's song from "Faust" will also be given.

The First MOHAWK One Dial Radio bought in Vancouver was sold in this Store, just a month ago. That customer is perfectly satisfied, and subsequent MOHAWK sales we have made are making still more friends for us. That's MOHAWK.

AN AMAZING IMPROVEMENT IN REPRODUCTION!

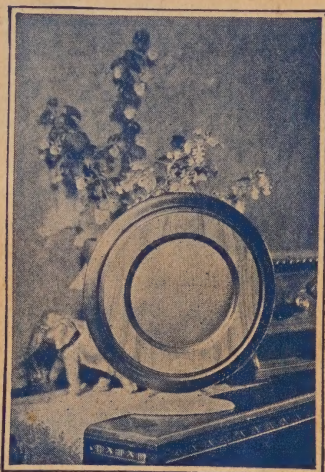

New Pedestal Speaker

A great improvement over former models in appearance and quality of tone. Finished in rubbed walnut.

\$47.50

Connect a Rola Speaker to your radio set and listen to the superb manner in which it brings out every instrument in even a symphony orchestra—every tone from the largest pipe organ. Compare its extreme sensitivity, its tremendous power capacity, its beauty and fineness in mechanical detail, compare it in every way with any other speaker regardless of price—and you will realize the full enjoyment that radio can bring you.

Rola speakers are beautiful in design and finish, and unequalled in performance. Rola out - demonstrates every competitor.

New Table Type

Where space is to be considered the table type is the speaker to buy.—
Finished in rubbed walnut.

\$39.50
